

Short pitch transmission precision roller chains(A series) satisfying the customers and all carried out international standard
 Features:high-strength,impact resistance, extrusion resistance, high surface hardness,high
 Wear resistance.

Operation requirement: good-lubrication,sprockets must be on the same plane.
 Application: used in general drive equipment,car-parking,oil industry,chemical industry,machinery
 field,escalator...etc

A Series Short Pitch Precision Roller Chains: Type 2
