

Materials: PEEK, POM, PTFE, PE, UHMW-PE, HDPE, PVDF, PI, PP, PBT available

Available in standard inch and metric sizes.

Plastic race bearings can be made in special sizes and types in small and large quantities.

Plastic radial ball bearings offer many advantage over standard steel bearings.

Applications:

Widely used in sports equipment, theme park attractions, printing presses, office equipment, home equipment, Cranes, giant roller-coasters, marine uses etc.

We supply:

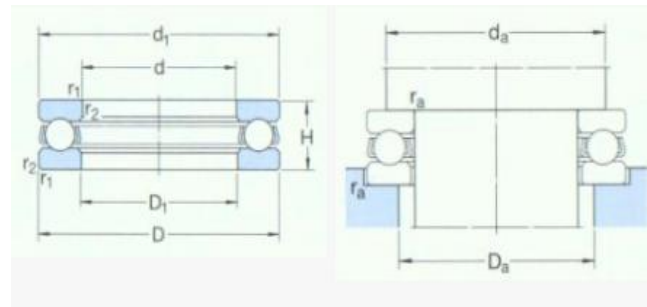

Plastic deep groove ball bearing,

Plastic thrust ball bearing,

Plastic angular contact bearing,

Plastic pillow block bearing. etc

Thrust Ball Bearing
